Dear Sir/Ma,

**SUBJECT: PROPOSAL TO DEPLOY SCHOOL PORTALS MANAGEMENT & CBT INTEGRATION  
APPLICATION SOFTWARE TO YOUR INSTITUTION SYSTEM**

We write to propose the offering of our subscription-based **school portals management & CBT integration application software** to your school system. We are engaged in providing our clients and prospects solutions ranging from building software application to building both web and mobile applications for businesses.

Hebzihub Nig Ltd project team comprises seasoned software engineers and database management experts with varying years of individual experiences in delivery of mobile & web-based applications project. We harness the diverse professional experiences of our team to deliver quality products and services to our clients with agility, professionalism, diligence and excellence.

The business proposal herein attached contains the company's business overview, basic features and benefits of the project. We are flexible to customize the services for your organization at affordable cost.

We look forward to your invitation to discuss the deployment process of our **school portals management & CBT integration application software** that will enhance your institution experience and improve learning activities.

**Our Core Values**

**Customer-centricity:** We put our clients first.

**Innovation:** We stay ahead of the curve.

**Teamwork:** We collaborate and support each other.

**Integrity:** We act with transparency and ethics.

**Continuous Learning:** We evolve and improve.

**Our Vision**

To be the preferred IT partner for forward-thinking organizations, recognized for our commitment to excellence, agility, and customer satisfaction.

Yours Sincerely,

**Adelanwa Seun**
