PROPOSAL FOR SCHOOL AUTOMATION DATABASE, SCHOOL PORTALS MANAGEMENT & CBT INTEGRATION APPLICATION SOFTWARE

Submitted To:
Submitted By: Hebzihub Nig Ltd
Date:

Introduction

In the modern educational environment, automation and digital transformation are key drivers of efficiency and academic excellence. Hebzihub Nig Ltd is pleased to present a proposal for the deployment of a robust **School Automation Database, School Portal Management, and CBT Integration Application Software** to enhance your institution's operations, streamline administrative processes, and improve learning outcomes.

Objectives of the Solution

Our software solution aims to achieve the following:

- Automate school administrative processes for increased efficiency.
- Provide an interactive and user-friendly school portal for parents, students, teachers, and administrators.
- Enhance learning through Computer-Based Testing (CBT) for effective assessment and grading.
- Securely manage student records, attendance, grading, and payments.
- Improve communication between school authorities, students, and parents.
- Offer remote access and real-time updates for seamless school management.

Features and Benefits

1. School Automation Database

- Centralized student and staff database.
- Automated registration, attendance, and grading.
- Efficient document management and record keeping.

2. Software Modules

- School Administrator Portal(Web App)
- Teachers Portal (Web App)
- Student Portal (Web App)
- Parent Portal (Mobile App / Web App)

3. CBT Integration Application Software

- Automated exam creation and management.
- AI-powered question generation and analysis.
- Instant grading and performance reports.
- Multi-device accessibility for seamless testing.
- Secured uploaded school CBT questions via access code

4. School Portal Management

- Student, Parent and staff login portals.
- Online result checking and transcript management.
- Fee payment, student result and financial record tracking.
- Scheme of work and event scheduling.
- Parent communication and notifications via implemented newslettter.
- Downloadable student e-identity card
- Downloadable student e-result
- Integrated student school fee e-clearance receipt
- Printable well layout uploaded question from teacher's portal

Deployment Plan

Phase 1: Needs Assessment & Planning

- Conduct a comprehensive assessment of the school's infrastructure.
- Identify key user requirements and customization needs.

Phase 2: System Installation & Configuration

- Deploy the software on school servers or cloud-based infrastructure.
- Configure user roles, permissions, and data migration.

Phase 3: Training & Capacity Building

- Provide hands-on training for administrators, teachers, and students.
- Develop user manuals and help desk support services.

Phase 4: Testing & Optimization

- Conduct pilot testing with a select group.
- Resolve any identified technical or operational issues.

Phase 5: Full Deployment & Continuous Support

- Roll out the full solution for all users.
- Offer continuous technical support and software updates.

Implementation Timeline

Phase	Duration
Needs Assessment	1 Week
Installation & Configuration	1 Week
Training & Testing	1 Week
Full Deployment	1 Week
Ongoing Support	Continuous

Investment & Costing

The software deployment will depend on the specific requirements of the school. Kindly check detailed payment options breakdown blow

1. TERMLY PAYMENT
Cost: N500.00 termly payment on each student
Mobilization Fee: None
Installment: None
Legal Approach:Intellectual Property(IP), Memoradum Of Understading(MOU)...
Infrastructure: Hebzihub Nig Ltd web server / School web server

2. INSTALLMENTAL PAYMENT
Cost: N1,200,000.00
Mobilization Fee: N200,000.00
Installment: N1,000,000.00 will be spread across the school calander term
Legal Approach:Intellectual Property(IP), Memoradum Of Understading(MOU)..
Infrastructure: School availiable web server

3. OUTRIGHT PAYMENT
Cost: N1,000,000.00
Mobilization Fee: N700,000.00. Balance to be paid after full deployment
Installment: None
Legal Approach:None
Infrastructure: School availiable web server

Conclusion

The implementation of Hebzihub Nig Ltd's **School Automation Database, School Portal Management & CBT Integration Application Software** will revolutionize your school's operations, making management more efficient and learning more effective. We look forward to the opportunity to work with _____ in transforming your institution into a digitally advanced learning environment.We are available for further discussions and demonstrations at your convenience
